# EXPORT ORDERS

Individual members are color coded, banded, and flat packed for economical shipping purposes.

We also offer installation support in the form of the following:

**Video tutorials, installation manual as well as the option to have support from our local team come to your site.**

The “difficult” work is done in the engineering and manufacturing of the members in the factory. This leaves no room for errors and a seamless installation process.

# LOCAL ORDERS

All components are delivered to site pre-panelised. Walls, floor & roof trusses are assembled in factory for easy installation on site.

This allows for erection efficiency, ensuring high quality on site, while significantly reducing labor costs.
